ENVIRONMENTAL POLICY STATEMENT

NDT Global Services Environmental Policy applies to all operations both at the regional office and on transient work sites.

The Directors aim to ensure, so far as is reasonably practicable, that NDTGS will operate in compliance with all relevant environmental legislation and will strive to use pollution prevention and environmental best practices in all work and operations undertaken.

NDTGS maintains a proactive system for the monitoring of environmental objectives and constantly reducing environmental risks.

This policy statement provides a commitment and intent to comply with the Environmental Management System BS EN ISO 14001:2015.

ENVIRONMENTAL OBJECTIVES AND PRINCIPLES

NDT Global Services Ltd's Environmental Policy is defined and strongly driven by the following management principles and behaviours:

- Integrate the consideration of environmental concerns and impacts into all of our decision making and activities.
- Promote environmental awareness among our employees and encourage them to work in an environmentally responsible manner.
- Train, educate and inform our employees about environmental issues that may affect their work.
- Reduce waste through re-use and recycling and by purchasing recycled, recyclable or re-furnished products and materials where these alternatives are available, economical and suitable.
- Promote efficient use of materials and resources throughout our facility including water, electricity, raw materials and other resources, particularly those that are non-renewable;
- Avoid unnecessary use of hazardous materials and products, seek substitutions when feasible, and take all reasonable steps to protect human health and the environment when such materials must be used, stored and disposed of.
- Purchase and use environmentally responsible products accordingly.
- Where required by legislation or where significant health, safety or environmental hazards exist, develop and maintain appropriate emergency and spill response programmes.
- Communicate our environmental commitment to clients, customers and the public and encourage them to support it.
- Strive to continually improve our environmental performance and minimise the social impact and damage of activities by periodically reviewing our environmental policy in light of our current and planned future activities.

RESPONSIBILITY

The Directors have the overall responsibility for the Environmental Management System including formulation, development, implementation and encouraging commitment by personnel at all levels of the Company.

The HSEQ Manager is responsible for the co-ordination, implementation and monitoring of the policy throughout the organisation.

All employees, contractors and visitors are responsible for policy implementation by cooperating, participating and contributing to its success through their actions and suggestions.

COMMUNICATION

This Environmental Policy is communicated to all employees, contractors, and visitors. A copy is referenced on employee notice boards at the Head Office, held with the project manager on transient work sites and published on the internal company shared drive. All employees are encouraged to read it and communicate any queries to a Director. Copies are made available to interested parties on request and a copy is published on the company website.
